**PURPOSE:**

The North Carolina Department of Transportation (NCDOT) has requested a resolution of support to initiate a service road study on US 29.

**BACKGROUND:**

NCDOT requests a resolution of support from all municipalities when impacted by certain planned transportation projects. This provides an opportunity for City Council to express support for a project prior to any action taken by the Board of Transportation. NCDOT has proposed committing in excess of \$250,000 to complete a study of service roads needed between I-840 and the US-29 Business interchange.

Construction of service roads in this corridor will facilitate conversion of US 29 to meet interstate standards and allow the corridor to be designated as I-785.

**BUDGET IMPACT:**

No City funding is required.

**ACCOUNT NUMBER:**

N/A.

**RECOMMENDATION / ACTION REQUESTED:**

It is recommended that City Council approve the attached resolution to demonstrate support for the North Carolina Department of Transportation to initiate a service road study on US 29.
