

PL(Z) 22-27

City of Greensboro Planning Department Zoning Staff Report

City Council Hearing Date: July 19, 2022

GENERAL INFORMATION

APPLICANT	Kaiya Clay
HEARING TYPE	Annexation and Original Zoning Request
REQUEST	County RS-40-MH (Residential Single-family in a Manufactured Home Overlay District) to City CD-R-3 (Conditional District - Residential Single-family – 3)
CONDITIONS	1. Uses limited to no more than 3 residential dwelling units.
LOCATION	682 Knox Road
PARCEL ID NUMBER(S)	8804932626
PUBLIC NOTIFICATION	The notification area for this public hearing was 600 feet (Chapter 30-4-1.4 of the Land Development Ordinance requires notification of the owner of that parcel of land and the owners of all parcels of land adjoining and contiguous to that parcel of land as shown on the County tax listing). 13 notices were mailed to those property owners in the mailing area.
TRACT SIZE	3.781 Acres
TOPOGRAPHY	Slopes toward the rear of the property
VEGETATION	Mostly wooded

Zoning History

Case #	Effective Date	Request Summary
N/A	N/A	The subject property is not currently located in the City's jurisdiction.

ZONING DISTRICT STANDARDS**District Summary ***

Zoning District	Existing	Requested
Designation:	(County RS-40-MH)	(City CD-R-3)
Max. Density:	1 unit per acre	3 dwelling units per acre
Typical Uses	Primarily intended to accommodate single-family residential detached dwellings on lots in areas without access to public water and sewer services and minimum lot size is 40,000 square feet. The MH Overlay District is intended to set forth regulations governing the development of subdivisions for manufactured housing in certain areas of Guilford County.	This request is conditioned limit uses to not more than 3 residential dwellings units.

**These regulations may not reflect all requirements for all situations; see the City of Greensboro Land Development Ordinance for all applicable regulations for site requirements for this zoning district.*

SPECIAL INFORMATION**Overlay District Ordinance/Historic Preservation**

The subject site is not located in an overlay zoning district.

The subject site is not:

- Located in a City of Greensboro Historic District or Heritage Community
- Designated as a Guilford County Landmark Property
- Recognized as a State of North Carolina Historic Site
- Listed in the National Register of Historic Places
- Located in a National Register Historic District

Environmental/Soils

Water Supply Site drains to Lake Mackintosh, Watersupply Watershed WS-IV, General Watershed Watershed, Little Alamance Creek

- Floodplains** FEMA Floodway, FEMA 1% Annual Chance Flood Hazard Area is onsite and FEMA 0.2% Annual Chance Flood Hazard Area is onsite. A Floodplain Development Permit is required for any disturbance within the FEMA 1% Annual Chance Flood Hazard Area. A 'No-Rise' engineer's certification will be required for any structure within the FEMA Floodway. An Elevation Certificate will be required for any structure within the FEMA 1% Annual Chance Flood Hazard Area. Structures in the FEMA 1% Annual Chance Flood Hazard Area must also be elevated to 2ft above the Base Flood Elevation (BFE) or floodproofed.
- Streams** Blue Line stream is onsite. A 50ft stream buffer measured from top of stream bank is required. Refer to the City LDO Chp.30-12-3.9 for stream buffer requirements. No new BUA is allowed within the entire stream buffer.
- Other:** In the General Watershed area, Maximum High Density Development with sewer is 70% BUA, Low Density with sewer is 24% BUA. Site must meet current watershed Phase 2 development requirements, Water Quality and Water Quantity Control must be addressed. Water Quantity Control must reduce the 1yr, 2yr & 10yr 24hr storms to pre-development levels. All new BUA must be treated by a State approved water quality BMP/SCM and any existing BUA that would drain to the BMP/SCM to the maximum extent practicable.

Utilities (Availability)

Water is available in front of property on Knox Road. Sewer is available on property. Private Developer will need to extend water and sewer to City of Greensboro's Water and Sewer Design Standards.

Airport Overlay District & Noise Cone

n/a

Landscaping & Tree Conservation Requirements

There are no Landscaping or Tree Conservation requirements for single-family residential uses.

Transportation

Street Classification: Knox Road – Minor Thoroughfare.
Forbes-Tate Road – Local Street.

Site Access: All access(s) must be designed and constructed to the City of Greensboro standards.

Traffic Counts: None Available.

Trip Generation: N/A.

Sidewalks: Sidewalks are a requirement of the Development Ordinance and shall be installed per the Streets Design Standards Manual. Sidewalk does not exist along the frontage of this property.

Transit in Vicinity: No.

Traffic Impact Study: No TIS required per TIS Ordinance.
(TIS)

Street Connectivity: N/A.

Other: N/A.

IMPACT/POLICY ANALYSIS

Land Use Compatibility

The proposed **City CD-R-3 (Conditional District – Residential, Single-Family – 3 du/ac)** zoning district, as conditioned, would allow land uses that are compatible with the general character of the area.

GSO 2040 Comprehensive Plan Policies

The GSO 2040 Future Land Use Map designates this location as **Residential**. The requested **City CD-R-3 (Conditional District – Residential, Single-Family – 3 du/ac)** zoning district, as conditioned, would allow uses that are generally consistent with those described in the **Residential** future land use designation. The GSO 2040 Future Built Form Map designates the subject site as **Urban General**. The Growth Tiers Map designates the subject site as being within **Growth Tier 1**.

GSO 2040 Written Policies:

Filling In Our Framework – How we arrange our land uses for where we live, work, attend school, shop and enjoy our free time can create a more vibrant and livable Greensboro.

Goal A – Greensboro is recognized and admired for its attractive, walkable and compact mixed-use activity centers where people live, work and enjoy life.

Strategy 2 – Ensure mixed use projects both strengthen and add value to the Community.

Goal C – People choose to live in Greensboro because every neighborhood is safe and has convenient access to first-rate schools, services, shopping, parks, and community facilities.

Strategy 1 – Employ a problem prevention model to identify causes and solutions to neighborhood problems.

Creating Great Places – Creating interesting and attractive places and vibrant public spaces in neighborhoods, across Greensboro, in downtown and with our historic resources.

Goal A – Greensboro's citywide network of unique neighborhoods offer residents of all walks of life a variety of quality housing choices.

Strategy 1 – Protect and enhance the unique character of every neighborhood.

Strategy 2 – Meet housing needs and desires with a sufficient and diverse supply of housing products, prices and locations.

Becoming Car Optional – Expand quality transportation options beyond cars and maintain an efficient transportation system that allows people and goods to travel throughout Greensboro.

Goal A – Greensboro has unrivaled pedestrian, biking, transit and road networks that provide safe, comfortable, and convenient transportation options.

Strategy 2 – Encourage new development that is compatible with the intended use of the adjacent roadway.

Goal B – Everyone loves our interconnected green spaces, which provide recreation and transportation opportunities, promote active living, and protect our natural environment.

Strategy 1 – Expand the greenway network to connect all parts of the city as a key element of the transportation system.

Prioritizing Sustainability - Greensboro has a strong leadership role in environmental stewardship, social equity, and a resilient economy

Goal A - Greensboro advances environmental stewardship, taking care of our natural resources and the natural systems that support all living things.

Strategy 1 - Promote resilient, efficient and environmentally beneficial patterns of land use.

Strategy 4 – Enhance proactive stormwater and flood hazard mitigation efforts to address impacts from more frequent high duration and high intensity storm events.

Goal B - Greensboro embraces social equity, ensuring all residents benefit from fair and just treatment in the distribution of public services and have a voice in governance.

Strategy 1 – Evaluate impacts to vulnerable populations and communities when reviewing existing and considering new public policies, projects and services.

Strategy 2 – Work to ensure that all Greensboro residents have meaningful opportunities to participate in public decision-making processes.

Strategy 3 - Promote a just, ethical, and respectful community.

Goal C - Greensboro builds economic resilience, expanding the local economy's ability to withstand and adjust to disruptions and changes at the regional, national and global scales.

Strategy 1 - Consider the impact that growth and development patterns and infrastructure investments have on the City's fiscal health.

Building Community Connections – Greensboro is unique and memorable based on our quality of life, culture, arts and places and the ties that bind us together as a community.

Goal E – Everyone does their part to maintain stable, attractive, and healthy places to live and raise families.

Strategy 1 – Build upon successful community initiatives to improve housing conditions while encouraging community involvement and participation.

Strategy 3 – Improve the city's housing through effective use of code enforcement and the strategic leveraging of resources.

Growing Economic Competitiveness - Greensboro will build a prosperous, resilient economy that creates equitable opportunities to succeed.

Goal A – Strategic public investment in historically underserved areas of Greensboro attracts private investment and sets the stage for revitalization without displacing existing residents.

Strategy 2 – Support the addition of a variety of housing types and price points in coordination with investment in historically underserved areas.

Goal C – Investment in cutting edge communications technology enhances the quality of life for all residents and helps businesses thrive.

Strategy 1 – Encourage fiber-ready infrastructure to reduce the need for costly future upfits, increase property values and promote economic growth.

Goal D – Education and workforce training opportunities empower residents to achieve financial security and career fulfillment and are matched to the needs of employers.

Strategy 1 – Work with our community partners to provide quality learning from early childhood to higher education through local schools and businesses.

Strategy 2 – Work with our partners to provide accessible and affordable career and workforce education.

GSO 2040 Map Policies

Future Land Use Map

Future Land Uses: Broad areas based on the main character of land uses that we want to see in the future. These are not intended to be exclusive; it is assumed that there are a variety of uses in each area, but the designation reflects the area's predominant character.

Residential: Includes both single-and multi-family residential. Other uses should generally be in the scale of a Neighborhood- or a District- Scaled Activity Center as described in the Future Built Form Map, in a form that is appropriate to the character of the area. Many residential areas include commercial corridors, and future development along these corridors should be oriented to the corridor to avoid negative impacts to adjacent residences.

Future Built Form Map

Place Types: Areas that have a consistency of character, identity or purpose and that are most often bounded by corridors, natural features, or parks that create transition or separation from other neighborhoods that may not share the same characteristics.

Urban General should reflect these characteristics:

1. Setbacks, building orientation, building materials, height, and scale of residential buildings are considered within the existing neighborhood context.
2. New housing helps increase the range of choice, supply, and adds additional appropriately-scaled density with: Missing Middle housing; mid-rise multi-family; and high-rise multi-family in Activity Centers and along Mixed-Use Corridors.
3. Transitions between neighborhoods and different land uses provide continuity in scale, density, intensity with adjacent uses.
4. Cut-through traffic is minimized.
5. New freestanding or expanded business areas are created within or adjoining an existing Activity Center or as part of creating a new Activity Center.
6. Exterior building materials are durable, sustainable, and contribute positively to the character of the public realm.
7. The size and impact of surface parking lots is minimized through landscaping, screening, narrow curb-cuts, and use of glare-free, no-spill lighting.
8. New sidewalks contribute to the completion of a sidewalk network.

Growth Tiers Map

Growth Tiers: areas outside Greensboro's city limits but inside the area in which the City can legally annex property and extend water and sewer services; this is called the Water Sewer Service Area (WSSA). Three tiers are delineated based on the cost to extend City services to the area, primarily water and sewer, solid waste collection, and Police and Fire protection, as well as long-term maintenance of City facilities. In Growth Tier 1, due to the nearby presence of

existing City infrastructure, the City is able to extend services currently, if an annexation is requested; Tiers 2 and 3 will require significant City investment to serve.

Growth Tier 1: This is the area where infrastructure systems are in place, can be economically provided and/or will be proactively extended and where continued annexation and consolidation of the City's development pattern shall be encouraged over the next six years.

CONFORMITY WITH OTHER PLANS

City Plans

Sustainability Action Plan

Element 1) Transportation and Land Use:

Policy 1) Encourage increased density, a mix of land uses and more integrated links between transportation and land use through changes to Greensboro's Comprehensive Plan, Development Ordinance and other related plans.

Element 2) Green Jobs and Buildings:

Policy 3) Develop a coordinated City program to provide technical support, energy audits and education and outreach to increase energy efficiency and conservation in commercial and residential buildings.

Policy 4) Use a combination of code changes, incentives, partnerships and education to promote green building in Greensboro.

Policy 6) Promote more efficient use of water through education, partnerships and pilot projects.

Element 3) Waste Reduction and Recycling:

Policy 7) Employ a combination of expanded recycling infrastructure, regulations and incentives to increase Greensboro's solid waste diversion and recycling rates.

Element 6) Education and Outreach:

Policy 11) Provide technical support, awards and recognition to individuals and organizations furthering Greensboro's energy and sustainability efforts.

Other Plans

N/A

STAFF ANALYSIS AND RECOMMENDATION

Community Outreach

Applicant is strongly encouraged to discuss this proposed original zoning and development with owners of surrounding properties.

Staff Annexation Analysis

The subject property is currently located in the County. On September 1, 2020 the Planning and Zoning Commission assumed responsibility for reviewing annexation petitions and making a recommendation to City Council regarding annexation requests. Upon submittal of a valid annexation petition, Planning staff forwards annexation requests to City services providers. These service providers include Water Resources (water and sewer), Fire Marshal's Office, Police Department, and Solid Waste (trash and recycling services). Each service provider

stated that infrastructure is in place to provide City services to this location. The Technical Review Committee recommended approval of this annexation request at its June 6, 2022 meeting. The subject property is located within the Tier 1 Growth Area on the Growth Strategy map in the Comprehensive Plan. Since this property is located in Growth Tier 1, it is the City of Greensboro's policy to annex the property pending approval of the associated original zoning.

Staff Original Zoning Analysis

The subject property is approximately 3.781 acres and is currently undeveloped. North of the subject property contains a single family dwelling, zoned County RS-40-MH. East of the subject property contains undeveloped land, zoned County AG and County CZ-PD-M. South of the subject property contains undeveloped land, zoned County AG. West of the subject property contains a single-family dwelling, zoned County AG.

The proposed original zoning request supports both the Comprehensive Plan's Creating Great Places goal to expand Greensboro's citywide network of unique neighborhoods offering residents of all walks of life a variety of quality housing choices and the Building Community Connections goal to maintain stable, attractive, and healthy places to live and raise families.

The GSO 2040 Comprehensive Plan's Future Land Use Map designates the property as Residential which includes both single-and multi-family residential. Other uses should generally be in the scale of a Neighborhood- or a District- Scaled Activity Center as described in the Future Built Form Map, in a form that is appropriate to the character of the area. Many residential areas include commercial corridors, and future development along these corridors should be oriented to the corridor to avoid negative impacts to adjacent residences.

The Comprehensive Plan's Future Built Form Map currently designates this property as Urban General. Applicable characteristics of the Urban General classification include, but are not limited the following:

1. Setbacks, building orientation, building materials, height, and scale of residential buildings are considered within the existing neighborhood context.
2. New housing helps increase the range of choice, supply, and adds additional appropriately-scaled density with: Missing Middle housing; mid-rise multi-family; and high-rise multi-family in Activity Centers and along Mixed-Use Corridors.
3. Transitions between neighborhoods and different land uses provide continuity in scale, density, intensity with adjacent uses.
4. Cut-through traffic is minimized.
5. New freestanding or expanded business areas are created within or adjoining an existing Activity Center or as part of creating a new Activity Center.
6. Exterior building materials are durable, sustainable, and contribute positively to the character of the public realm.
7. The size and impact of surface parking lots is minimized through landscaping, screening, narrow curb-cuts, and use of glare-free, no-spill lighting.
8. New sidewalks contribute to the completion of a sidewalk network.

The proposed City CD-R-3 zoning district, as conditioned, promotes low-density single-family detached residential development that is compatible with existing uses located on adjacent tracts.

This request is consistent with the intent and purpose of the zoning code, the Comprehensive Plan (GSO2040) and is generally compatible with the existing development and trend in the surrounding area.

Staff Recommendation

Staff recommends **approval** of the requested annexation and original zoning to the **City CD-R-3 (Conditional District - Residential Single-family-3)** zoning district.
