PURPOSE:

Mount Pleasant United Methodist Church and the Estate of Elizabeth Norris are requesting annexation of the property located at 222 and 226 Clapp Farms Road, generally described as northwest of Clapp Farms Road and west of Mount Hope Church Road. As this request is a voluntary annexation petition, the City Council will conduct a public hearing to consider and take action on this request at its September 20, 2022 meeting.

BACKGROUND:

This noncontiguous annexation is within the boundary of Growth Tier 1 on the Anticipated Growth Maps in the Comprehensive Plan.

City water will be available by connecting to the 12-inch line located within Mount Hope Church Road to the east of the site. In order for this site to be served with water the owner would be responsible for all costs associated with extending and connecting to the public line.

City sewer will be available by connecting to the 8-inch outfall located approximately 876 feet to the northwest of the site. In order for this site to be served with sanitary sewer the owner would be responsible for all costs associated with extending and connecting to the public line.

The City's Fire Department notes that this site is currently served by City Station #57 located on Mount Hope Church Road (south of the site), based on a reciprocal aid agreement with McLeansville. Upon annexation the site will continue to be served by City Station #57. The department can meet the standard of cover with existing stations and personnel. Service to this location should remain the same for single unit incidents. Service to multi-unit incidents should improve based on city station proximity and staffing levels.

The Police Department can provide comparable response service to the property under consideration as of the date of annexation. Additional resources may be required as development on the subject property and/or additional annexation in the general area occurs.

Field Operations will be able to provide sanitation services to this site.

Provision of other City services will involve a travel distance almost equal to that necessary to provide service to the previously-annexed property located to the north and west.

BUDGET IMPACT:

Initial service will be absorbed in the budget; future services will have an incremental effect on future budgets.

RECOMMENDATION / ACTION REQUESTED:

The Technical Review Committee (TRC) recommended this annexation to the Planning and Zoning Commission and to City Council.

The Planning and Zoning Commission recommended approval of this annexation at its August meeting on a vote of 8-1.

Accordingly, it is recommended that City Council hold a public hearing to receive public comment and to consider adoption of an ordinance annexing the above-mentioned property into the City of Greensboro.
