**PURPOSE:**

To clarify certain City ordinances related to increasing citizen complaints about public behavior.

**BACKGROUND:**

As our community returns to normal following the COVID-19 pandemic, members of the public are increasingly using our City spaces. Use of those spaces has generated a need for heightened regulation from the City as to trash, noise, and citizen obstructions. While the City had ordinances in place to address some of these issues, those ordinances were too vague to adequately address some of the recently complained of behaviors. These clarified ordinances will provide adequate notice to the public of acceptable (and unacceptable) public behavior while also allowing for increased enforcement where necessary.

**BUDGET IMPACT:**

None.

**ACCOUNT NUMBER:**

**RECOMMENDATION / ACTION REQUESTED:**

It is recommended that City Council adopt the ordinance amendment to provide adequate notice to the public of acceptable (and unacceptable) public behavior while also allowing for increased enforcement where necessary.
