PURPOSE:

Build Greensboro Together is a recently created foundation dedicated to partnering with Greensboro to fund, rebuild, and revitalize some of the city’s most important communal and outdoor spaces. As a result of the organization’s efforts, the City of Greensboro has received a \$32,722 donation.

BACKGROUND:

In January 2021, Building Greensboro launched a campaign, in collaboration with the Community Foundation of Greater Greensboro, to support improvements for Greensboro Parks and Recreation. Through fundraising efforts, donations have already been received for a playground project at Heath Park and Peeler Community Park. The acceptance of this donation will provide support to the installation of the new bridge along the Lake Daniel Greenway at Elam Ave. The bridge purchase has already been supported through fundraising efforts of the Building Greensboro Together Campaign. The budget ordinance will allow the City to accept the donations from Building Greensboro Together to support the installation.

BUDGET IMPACT:

This requested action will have no adverse impact on the City of Greensboro budget.
