PURPOSE:

To encumber \$70,000 from the College Hill Municipal Service District Fund in order to cover additional costs associated with the street signage refurbishment project and for landscape maintenance services for the special planting areas in the Historic District.

BACKGROUND:

The College Hill Historic District is a special tax district. Property owners determine how the money will be used. Currently the decorative street name signs are being refurbished and upgraded and there is a budget shortfall. There is also a need for landscape maintenance services to care for the special planting areas at intersections and entryway points that were part of the Streetscape Master Plan.

BUDGET IMPACT:

A total of \$70,000 from College Hill MSD fund balance will be encumbered for the sign post project and landscape maintenance associated with the Streetscape Master Plan.
