

Announces Funding

Through the Community-Based Grants Initiative, Golden LEAF works directly in one Prosperity Zone annually to identify projects with the greatest potential to have a significant impact. The Golden LEAF Board awarded \$384,550 to GuilfordWorks/Workforce Development Board in **Guilford County** to support education and training for workers to help meet the area demand of the growing renewable energy, clean energy, and electrical vehicle industries for workers in advanced manufacturing, industrial technology, biotechnology, and skilled trades. Golden LEAF funds are for personnel, work-based learning, support services, equipment, outreach, instruction, and travel costs.
