PURPOSE:

A resolution needs to be approved to authorize Supplemental Agreement #5 with NCDOT for EB-6037C Downtown Greenway Phase 4 and A&Y Greenway Phase 1.

BACKGROUND:

EB-6037C Downtown Greenway Phase 4 and A&Y Greenway Phase 1 is currently underway, with construction having started in late January 2024. Clearing of the greenway right-of-way is complete and retaining wall work is ongoing along Smith Street. The contractor, Yates Construction, has started construction along Smith Street and will work south until the project is concluded. The original project completion date was expected on December 28, 2024, however additional time is needed to complete the project.

The amended agreement revises the final project completion date to June 30, 2026. This new completion date will allow enough time to complete construction which is expected by July 2025, receive NCDOT acceptance of the project, and submit final reimbursement request to NCDOT.

BUDGET IMPACT:

No additional funding is required.

Vision Statement: "A Community with Endless Economic Opportunities and Exceptional Quality of Life."
