Contact 2 and Phone: Jason Geary, Ext. 2302

PURPOSE:

To grant an Encroachment Agreement in City right-of-way for the installation of approximately 100 LF of underground ductile iron chilled water supply and return lines. When public or private entities request to use City right-of-way, it is required that they secure approval by City Council.

BACKGROUND:

The University of North Carolina at Greensboro approached the City in order to request placement of underground chilled water lines in City right-of-way. The chilled water lines will be used to manage the temperature and humidity levels within the large campus buildings.

This encroachment involves the installation of approximately 100 LF of 12" ductile iron chilled water lines on Kenilworth Street within the UNCG Campus. The plans for this installation have been approved by City staff and the Technical Review Committee.

BUDGET IMPACT:

There is no budget impact. All associated costs will be incurred by University of North Carolina at Greensboro.

Vision Statement: "A Community with Endless Economic Opportunities and Exceptional Quality of Life."

ACCOUNT NUMBER:

N/A

RECOMMENDATION / ACTION REQUESTED:

The Engineering & Inspections Department recommends that City Council grant the University of North Carolina at Greensboro an Encroachment Agreement for the use of installing these chilled water lines in City right-of-way
