

DATE: October 31, 2024  
TO: Jason Geary, Senior Engineering Manager  
FROM: Nora Gardner, M/WBE Specialist  
SUBJECT: M/WBE Memo for Design Services of the Atlantic & Yadkin Greenway Bridge Replacement and Trail Repair BL-0117

The Design Services contract for the Atlantic & Yadkin Greenway Bridge Replacement and Trail Repair BL-0117 is funded by the U.S. Department of Transportation and, therefore, is excluded from the City of Greensboro's M/WBE Program Plan requirements. Projects utilizing U.S. Department of Transportation funds must comply with the U.S. Disadvantaged Business Enterprise Program (DBE).

To satisfy the DBE requirements, the Engineering Department required Volkert Engineering, the selected consultant, to identify and utilize DBE firms capable of performing subcontracting opportunities on the project. The firm committed to use the following M/WBE Disadvantage Business Enterprises:

ID	Firm Name	County	Scope of Work	Total Contract Amount	Total Contract %
MDBE	John Davenport Engineering, Inc.	Forsyth	Trail Crossing Signalization Investigation and Design	\$14,917.35	3.48%
WDBE	Three Oaks Engineering Inc.	Durham	Environmental Services and Hydraulic Design	\$117,677.79	27.42%

Thank you,

Cc: Gwen Carter, M/WBE Office
