PURPOSE:

The City Council is being requested to set a public hearing date of February 18, 2025 to consider an amendment to the Land Development Ordinance to remove the current 750 foot separation requirement for Short Term Rentals.

BACKGROUND:

The City adopted regulations to define and regulate Short Term Rentals in May 2023, with an eventual effective date of April 1, 2024. These regulations include the requirement that a Short Term Rental must be separated from any other Short Term Rental by a distance of at least 750 feet, measured from property line to property line.

After evaluation of permitting information, complaints on short term rental properties and trends both locally and across the state related to Short Term Rentals, the City is seeking to remove this separation requirement. Per Section 30-4-4.6 of the Land Development Ordinance the City Council is authorized to proceed with an ordinance text change if Council sets a public hearing date at one meeting and then conducts the hearing at a specified future date.
