**PURPOSE:**

A resolution needs to be approved to demonstrate support for NC Department of Transportation Project H19069 Old Lake Jeanette Road – North Church Street Intersection Improvements.

**BACKGROUND:**

Under project H19069, NCDOT will construct a roundabout and associated improvements at the intersection of Old Lake Jeanette Road and North Church Street. NCDOT prioritized the project for funding in order to mitigate existing crash patterns and prevent future fatal and serious injury crashes at this location. Additional project benefits will include improved traffic flow, reduced motorist delays, and pedestrian and bicycle facilities throughout the project.

City Council adoption of this resolution of support is recommended to enable the N.C. Board of Transportation to approve an award of at least \$250,000 in High-Impact, Low-Cost (HILC) funds at its next scheduled meeting. This initial funding will allow design activities to begin as soon as possible, supporting an expedited project delivery timeline. NCDOT will then coordinate with the Metropolitan Planning Organization to program additional funds for right-of-way acquisition, utility relocation, and construction in the 2026–2035 Transportation Improvement Program.

**BUDGET IMPACT:**

*Vision Statement: “A Community with Endless Economic Opportunities and Exceptional Quality of Life.”*

Approval of this resolution does not impact the City of Greensboro budget.
