**PURPOSE:**

The City of Greensboro Water Resources Department is requesting Council approval to apply for funding with the North Carolina Department of Environmental Quality to help fund infrastructure improvement projects.

**BACKGROUND:**

The State of North Carolina provides the opportunity for local governments to apply for grants and low interest loans for wastewater collection system, stormwater systems, and drinking water distribution projects. The Water Resources Department requests permission to apply for funding for multiple projects including the Mitchell Advanced Treatment of Emerging Contaminants Design Project and the Mitchell Advanced Treatment of Emerging Contaminants Construction Project. In order to meet the grant application deadline of April 30, 2025, Water Resources is requesting approval to apply. Water Resources currently has the project within our planned Capital Improvements Program.
